

Zombie Camp (full day camp only)

We are back! Do you think you have what it takes to survive a zombie vs. human battle? We will teach you the survival skills of nature, how to transform yourself into a zombie, and what to do in a zombie apocalypse. On Friday we will have an all-out zombie war. Join us for this one-of-a-kind adventure!

Inventor's Workshop

Could you be a master inventor? Everything around us started as someone's simple idea. Through your own curiosity, imagination, and brainstorming, you will create projects from your own imagination. Throughout the week, challenge yourself and your fellow campers to discover how inventive you can be. Come and see what you can build and be amazed.

Earth, Wind & Fire

Powerful natural elements molded the world around us. This week we will perform experiments with water, land, and air. We will learn to harness the power of water, find strength in the resources of the land, and contain the fury of the wind. We will take hikes to observe these three elements, and learn their amazing powers. So join us and be awed by nature's elements.

Survival

Learn to survive off just the land in this camp. Do you know how to track an animal or utilize items in your environment? We will also learn how to make fire, shelter, and other lifesaving skills. By the end of the week you will have learned about nature and how to thrive in and appreciate it.

Treasure Hunters

It is thrilling to find treasures in any form. One day we will be pirates looking for lost treasure. Another day will be spent on awesome scavenger hunts. Make your own treasure map. Nature even holds its own treasures. This camp will peak your interest and utilize your thinking caps to solve riddles and puzzles. Join us to see how clever you can be. Each day will be an adventure!

Kaleidoscope of Fun

A kaleidoscope is fascinating, because every time you move it, it changes. The theme changes every day in this camp - So let the fun begin! On Monday we will do Olympics; Tuesday we will have fun with Games; Wednesday will be Inventors; Thursday we will get groovy; and on Friday we will have fun with water. So come and join for the never ending kaleidoscope of fun.
