

What to Expect When in Preschool...

Sign in / Out— upon drop off and pick up, our teachers will sign your child in / out for you. If you have an alternate pick up person, please make sure they bring a photo ID with them. Please arrive within minutes of your child's designated class drop off so as not to disrupt the class once it has started. Also, be on time for pick up, children become worried when they are the only one left.

Clothing— Dress for play and mess (washable, easy to manage clothing). Kids will be playing with paint, playdough, water, markers, glue, chalk and more. They will also be outside where they likely to crawl, roll, play in sand and climb while exploring.

Gym Days will be posted and teachers will let you know too, so that you can make sure your child has gym shoes on for that day (either Tuesday or Wednesday).

Handwashing— In order to maintain a healthy and clean classroom, we have the children wash their hands upon entering room and between centers, after art, after using washroom, upon returning from gym or playground and anytime time they touch areas of their face. Teaching children the importance and proper way of handwashing is so important for good hygiene.

Scholastic Books— We as school, we participate in a Scholastic Book Club. Periodically, we will send home (always available online at anytime) book orders to choose from. When you order any, please use our school code QZ2R9. If your individual teacher does their own book club, utilize the code they give you. For each purchase made, the school gets points to use for

Family Favorites for
Preschool

future school purchases for the classrooms. It's a great way to build your child's library and love of reading. You may even choose to have them shipped directly to your home.

Birthdays—We love these special days! We sing a birthday song and the birthday child gets a crown. If you like to bring a “goodie” bag to be passed out as class is dismissed, please follow the guidelines. We do not have parties for them in the class though. If your child's birthday falls during months not in session, we will designate a date to still celebrate them so they do not feel left out.

Fundraisers - We do host 2 each year: Butter Braid in Fall and Cookie Dough in Winter. These are a great way for our school along with your help to raise funds for equipment, materials and supplies for our programs throughout the school year. Occasionally we will do “community” projects such as food drive, pajama drive, book drive, or other to help support our community at large. All of these are completely optional to participate in.
